EXHIBITION COVERAGE

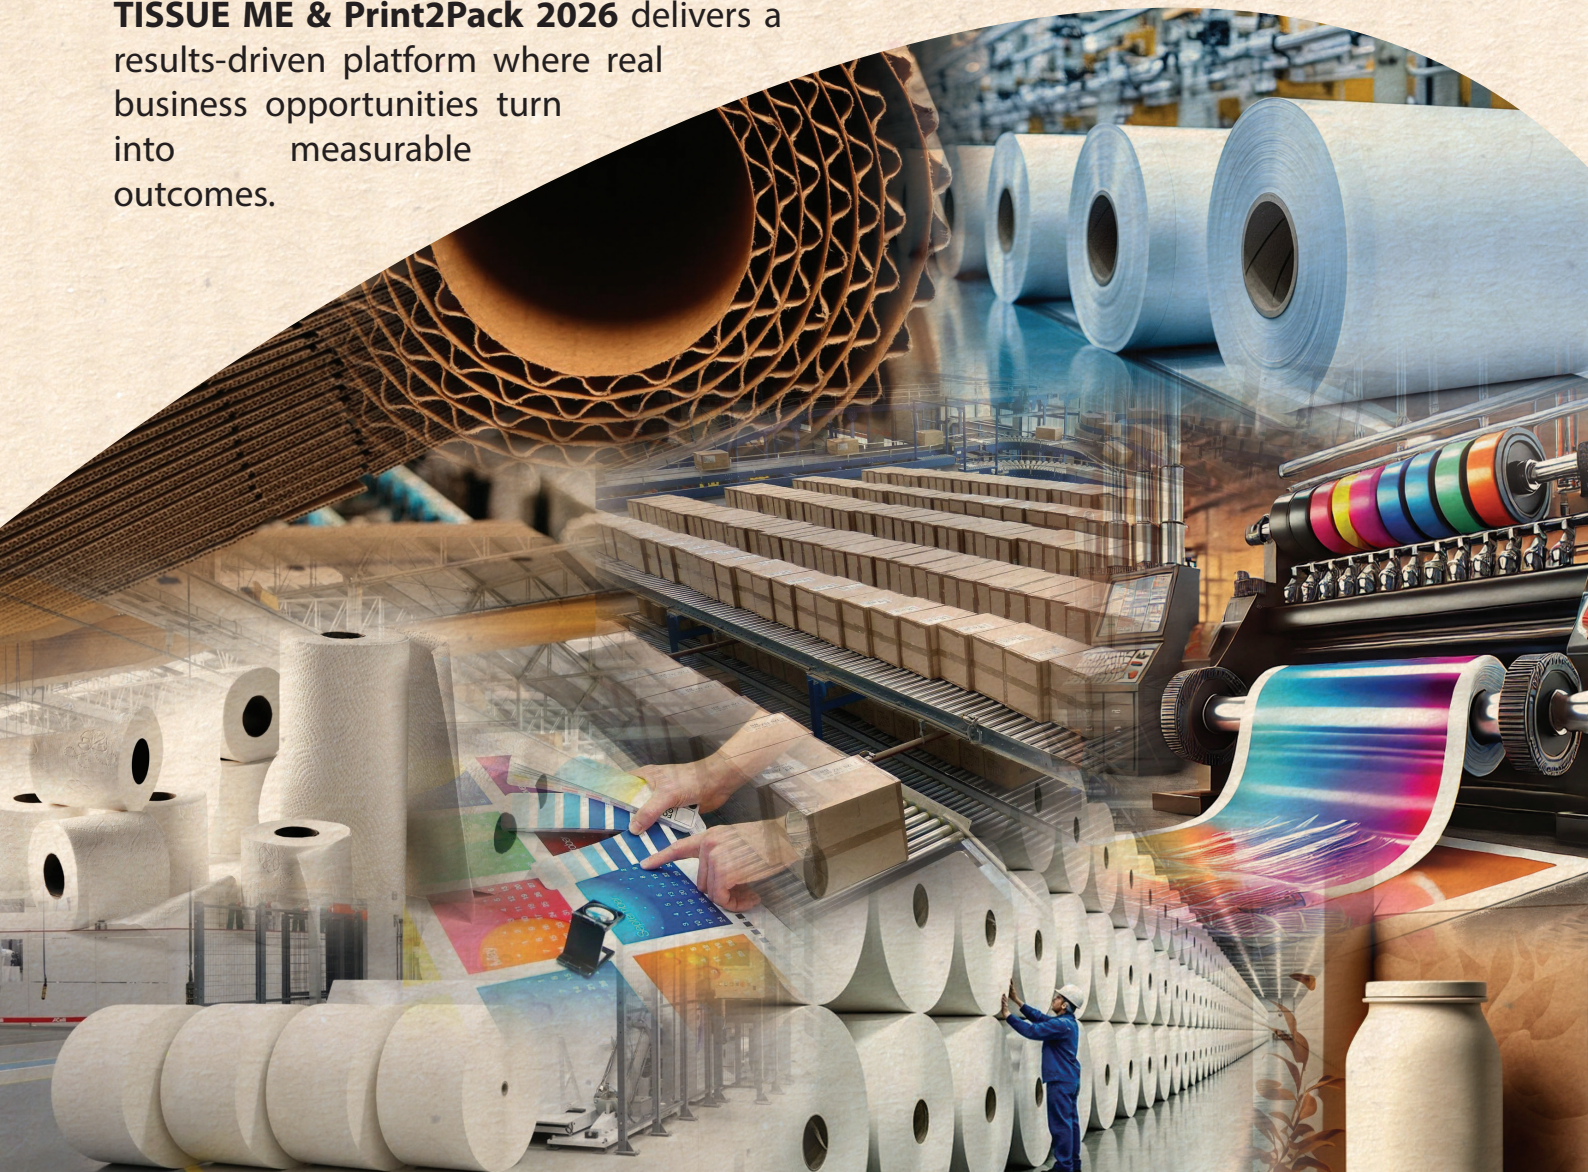

ABOUT THE EVENT

The Region's Most Focused Trade Platform for Paper, Tissue & Packaging

PAPER ME, co-located with **TISSUE ME** and **Print2Pack Egypt**, is a specialized international B2B exhibition serving the paper, tissue, hygiene, printing, and packaging industries across Africa and the Middle East.

The exhibition brings together manufacturers, technology providers, raw material suppliers, converters, and buyers under one roof, creating a highly targeted environment for business development, networking, and long-term partnerships.

Designed exclusively for decision-makers, **PAPER ME, TISSUE ME & Print2Pack 2026** delivers a results-driven platform where real business opportunities turn into measurable outcomes.

WHY EXHIBIT?

Why Leading Companies Choose PAPER ME , TISSUE ME & Print2Pack Egypt 2026

Connect with Serious Buyers

Meet qualified trade visitors actively sourcing machinery, raw materials, and production solutions.

Expand into High-Growth Markets

Access Africa's fastest-growing paper, tissue, and packaging markets through one strategic exhibition platform.

Maximize Your ROI

Benefit from cost-effective participation, strong regional promotion, and a highly targeted B2B audience.

Key Advantages - High percentage of decision-makers - Pre-qualified trade visitors - Strong African & Middle Eastern buyer presence - Dedicated exhibitor support before, during, and after the show

MARKET GROWTH & OPPORTUNITY

Market Growth Driving Real Business Opportunities

A fast-growing demand across Egypt, Africa, and the Middle East is accelerating investments in paper, tissue, and packaging production — creating strong opportunities for exhibitors at PAPER ME, TISSUE ME & Print2Pack Egypt 2026.

KEY MARKET STATISTICS

(Egypt • Africa • Middle East)

PAPER & BOARD SECTOR

3–4% CAGR Growth

Paper & board demand across Africa and the Middle East continues to grow, driven by food packaging, retail expansion, and export-oriented production.

What this means:

Continuous demand for machinery, raw materials, chemicals, and technology upgrades.

TISSUE & HYGIENE SECTOR

Above-Global-Average Growth

Tissue and hygiene consumption in Africa and Egypt is expanding rapidly, supported by population growth, rising hygiene awareness, and hospitality & healthcare expansion.

What this means:

Manufacturers are investing in new tissue lines, converting machines, and efficiency solutions.

PACKAGING & PRINT SECTOR

4–5% CAGR Growth

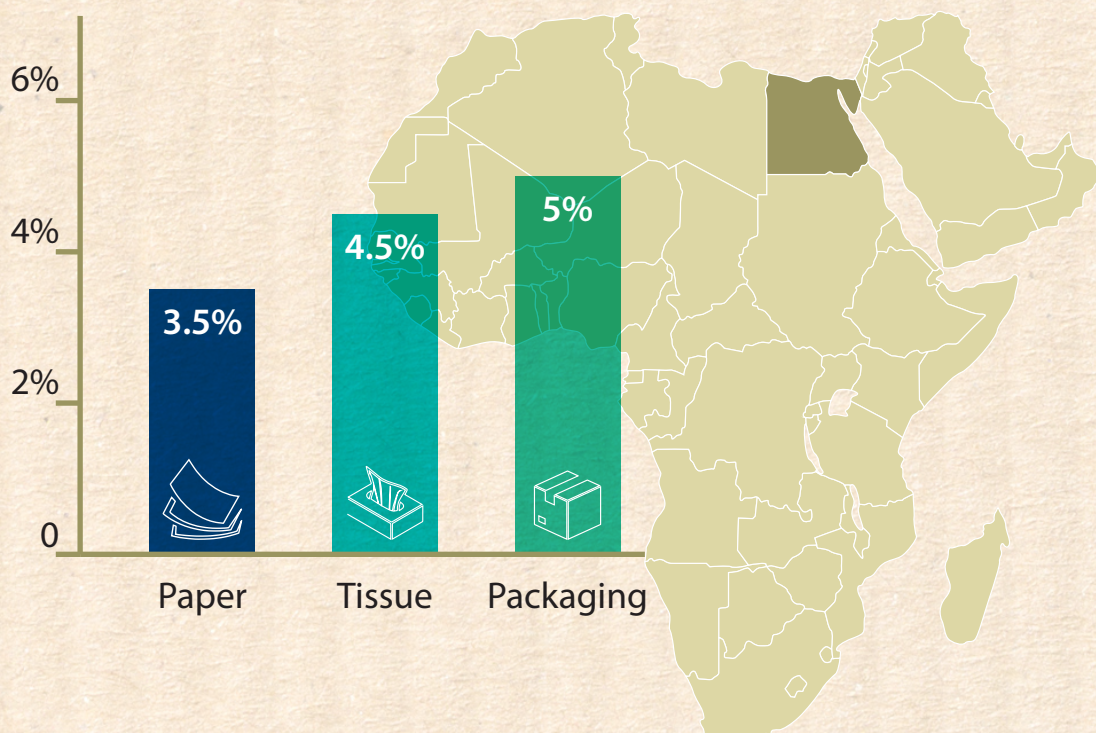

Packaging demand in Egypt and the region is growing steadily, led by food & beverage, FMCG, pharma, and cosmetics industries.

What this means:

Strong demand for printing, packaging, converting, and sustainable solutions.

Growth of Paper , Tissue & Packaging Sectors

Africa • Middle East • Global Trade

WHY EGYPT?

The Manufacturing & Export Hub of the Region

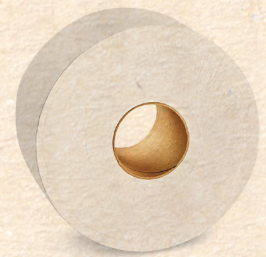

- Strategic geographic location connecting Africa, Middle East & global trade routes
- Strong local manufacturing base for paper, tissue & packaging
- Increasing investments in recycling and circular economy
- Cost-effective access to multiple regional markets through one location

Exhibiting in Egypt = Reaching multiple markets through a single exhibition

WHY THIS MAKES THE EXHIBITION IMPORTANT

Why Exhibit at PAPER ME, TISSUE ME & Print2Pack Egypt?

- Growing markets mean active buyers seeking solutions
- Continuous investment in production & technology
- Strong demand for sustainable & efficient manufacturing
- High ROI compared to mature European & GCC markets

This is where market growth meets real purchasing decisions.
