

VODEXPO 2025 – EXHIBITOR LIST

MOSVODOKANAL, JSC

Stand P8

of JSC Mosvodokanal is the largest water company in Russia.

VODOKANAL SAINT PETERSBURG, STATE UNITARY ENTERPRISE

Stand P1

of the State Unitary Enterprise "Vodokanal of Saint Petersburg" provides water supply and sewerage services to approximately 5.6 million residents, as well as tens of thousands of enterprises and organizations in Saint Petersburg.

RUSLINER-TECH, LLC

Stand P3

The first manufacturer in Russia of ultraviolet-cured fiberglass sleeves for trenchless pipeline rehabilitation.

POLIPLASTIK GROUP, LLC

Stand P6

The largest manufacturer of polymer pipeline systems, compounds, water treatment solutions, and digital services in the Russian Federation and the Eurasian Economic Union

HAUS RUS, NAO(TURKISH COMPANY)

Stand P5

Services for the selection, supply, maintenance and repair of decanter centrifuges, turbo blowers and screw presses.

REMGAZKOMMUNIKATSII, LLC

Stand E2-E3

A modern, high-tech, production and commercial company focused on the creation of reliable and high-quality engineering networks and communications from polymers.

LIT, NPO

Stand P7

NPO LIT is the largest Russian manufacturer of equipment for water disinfection with ultraviolet light, removal of DPV and the use of PAHs.

EKOTON, LLC NPF

Stand C1

Wastewater Treatment Equipment

ELMA-ASTERION, GC

Stand P4

Elma-Asterion Group of Companies - Russian manufacturer of chemically resistant pumping and mixing equipment made of composite materials.

KQ, LLC

Stand E1

of KQ LLC is the official representative of the large Chinese pumping company SHANGHAI KAIQUAN PUMP (GROUP) in the Russian Federation and Belarus.

ENERGOSTROY, LLC

Booth P2.

The company began operations in 2010 and specializes in the design and construction of water supply and wastewater disposal facilities. We solve engineering problems of any complexity.

MAY PROJECT, JSC

Booth E7

Engineering company in the field of wastewater treatment and water treatment

MEGAMADE, JSC

Stand C9.2:

A full range of services for the design and construction of external utility networks

VAG-ARMATUREN RUS, LLC

Stand D2

World leader in pipeline fittings, solving water treatment and construction problems for over 150 years.

KSAILRUS, LLC

Stand D13.2

The company supplies equipment for water supply and sanitation, as well as water treatment.

TEREM REINFORCED CONCRETE TECHNOLOGIES, LLC

Stand A29.1

Reinforced concrete products for housing, industrial and road construction

ARSENALHYDRO, LLC

Stand F9-F10

A full-cycle engineering company engaged in the design of Biological Treatment Facilities for Sewage, including commissioning and start-up.

FOGOD

Stand C8.2

Domestic manufacturer of water treatment equipment, filters for cleaning liquids from mechanical impurities, hydrocyclones

ENERGETIKA, LLC

Booth F11:

Streamlux Ultrasonic Flow Meters. For pressure, gravity, and open-channel networks. High-precision metering of water, sewer pumping stations, food, and chemical liquids.

VIV, JSC

Stand B3

We provide engineering, design, supplies, commissioning, repairs, and regular conferences for sections of the ETS RAVV.

PRO AQUA, LLC NPO

Stand C7

One of the largest Russian manufacturers of engineering equipment for water supply, sewerage and heating systems

OKS GROUP, LLC

Stand D1

Russian equipment for removing odors and gases.

INFRAPOLIS, LLC

Booth D13.1

Participant of the Skolkovo Project. Attracts extra-budgetary funding sources for the modernization and development of stormwater drainage systems.

STRONG-FILTER, LLC

Stand A25

Design and production of industrial automatic self-cleaning, drainage and water intake filters for mechanical purification of water and other liquids and gases

FLAMAX, LLC

Stand C2

Design, production, installation of prefabricated steel tanks and pumping stations for storing drinking and combined water supplies.

KRISMAS, GC

Stand A4

of the Christmas Group: development, production, supply, methodological and service support of integrated solutions for analytical chemical control of water

CNP AIKON

Stand B4

One of the largest Chinese pump manufacturers, using advanced automated technologies and exporting products worldwide

APWELL, LLC

Stand A35

Russian manufacturer of mechanical equipment and pumping units for treatment facilities and sewage stations

DATUM GROUP, LLC

Stand D11

DATUM Group is a Rostov-on-Don holding company with a history of over 25 years, specializing in engineering services and digitalization of water and sewerage utilities.

PIEZUS, LLC

Stand A53

Russian company manufacturer and supplier of pressure sensors, pressure switches, submersible level meters and flow meters for the water industry

OKHTINSKY MECHANICAL PLANT, LLC

Stand F (automotive exposition)

The flagship of Russian mechanical engineering in the production of municipal equipment for servicing sewer networks

ROSA, JSC

Stand A37

of the AC JSC ROSA - more than 30 years of impartial, competent, reliable and independent work in the field of environmental quality control.

ALTA GROUP

Stand B2

ALTA GROUP is a Russian developer and manufacturer of treatment facilities for domestic, storm and industrial wastewater.

ETALONSTOCK, LLC

Stand B5

Manufacturers of equipment for water supply and sanitation.

AGK EKOLOGIYA, LLC

Stand D3

A leading Russian engineering company that has been designing and building wastewater treatment facilities for the food industry for over 25 years

PTF KONSIS, OOO

Booth A36

Engineering company, performs a full cycle of work on the creation of automated process control systems

NPK AIR CLEANING, LLC

Stand A24

Development, manufacture and implementation of equipment for air purification in industrial ventilation systems, including Vodokanal facilities

IMMID, LLC

Stand C5

Manufacturing enterprise OOO IMMID is a polyethylene pipe plant founded in Vologda in 1992.

SEBA ENGINEERING, LLC

Stand A26

Manufacturer and supplier of high-quality equipment and mobile diagnostic laboratories for technical inspection of underground utility networks.

NK KRON, LLC

Booth A10

Manufacturer of pumps for water supply, wastewater disposal, water treatment, and more. The company also supplies dosing systems.

PLAN ENGINEERING GROUP, LLC

Booth E11.1:

Automated wastewater treatment stations for liquid household waste and imported wastewater. Biological treatment plants for the Far North and Arctic according to oil and gas industry standards.

AIRCORP / AIR CORPORATION

Booth F7.

Manufacturer of industrial air purification equipment under the Aircorp brand. Effective in water and wastewater treatment facilities.

ESSEN, LLC

Stand A32-34

A modern research and production company whose activities include the production of innovative equipment for water disinfection

GYDRIX, LLC Research and Production Enterprise

Booth B1

of NPP Gidrix LLC offers comprehensive solutions for wastewater treatment. Russian-made equipment for industrial and domestic wastewater treatment.

DTS, LLC

Stand A33

Sales of high-quality line detectors, leak detectors and television inspection systems for utilities, construction and industry

TOPOL-ECO, GROUP OF COMPANIES

Stand D10

The treatment facilities manufactured by the company provide impeccable service to private households, non-residential properties of various purposes, populated areas and other facilities.

FAF VANA SANAYI, LLC(TURKISH COMPANY)

Stand D7-D8

Leading Turkish manufacturer of shut-off valves of the FAF brand.

ARROWHEAD RUS, LLC

Stand B7

The Arrowhead brand has been a global manufacturer of pipeline fittings since 1936.

Promvodochistka, Scientific and Production Center LLC

Stand A31

of NPC PromVodOchistka LLC is a full-cycle engineering company, covering everything from designing water treatment facilities to their implementation and maintenance.

RDE ENGINEERING, LLC

Stand B3

Engineering company solving problems of ensuring the uninterrupted operation of water supply and sanitation engineering systems.

RUSAVTOMATIZATION, LLC

Stand B9

Manufacturer and supplier of equipment, consultant on selection, designer and manufacturer of integrated automated process control systems

DOLYA, CJSC

Stand F (automotive exhibit)

Sewer cleaning equipment. Hoses. Nozzles. Accessories.

ETEK LTD, LLC NPF

Stand A30:

Solving problems in the field of design, construction and reconstruction of water supply and sanitation systems

R.O.S.DOLG AGENCY, LLC

Stand A11:

A full range of debt collection services in the housing and utilities sector

YUMIS PRO, LLC

Stand A61

Developer of control and measuring instruments, supplies measuring instruments and implements automated systems and complexes

LUMEX, Group of Companies

Stand D5

Analytical instrumentation, development and production of domestic laboratory and automatic equipment, as well as methodological support

VANDYORD GROUP, OOO

Stand D6

Domestic manufacturer of pumping equipment for water supply, sanitation and heating

IKAPLAST, OOO

Stand E4-E5

IKAPLAST is a leading manufacturer of polymer pipeline systems in the North-West region of Russia.

VDK

Stand E6

Development and production of equipment for water treatment and purification, as well as for the chemical, petrochemical and oil refining industries.

LIPETSK PIPE COMPANY SVOBODNY SOKOL, LLC

Stand E8

Manufacturer of pipes and fittings made of ductile iron (VChShG) for water supply and wastewater disposal facilities

FASONLIT, LLC

Stand E9.1

"NASH VCHSHG" is a brand of tubular products made of high-strength cast iron, created to meet the needs of the growing Russian market.

ENKOM, LLC

Stand A40

Manufacturer and supplier of pumping equipment, fittings and materials for engineering systems

WATER COMFORT

Stand C3

The largest supplier of equipment in the field of water supply, heating and cooling, water disposal and wastewater treatment.

ELECTROAGREGAT NAMED AFTER BELIMOVICH V.YU., NPO LLC

Stand A2

Supplier of general industrial and specialized electrical equipment from leading Russian and foreign manufacturers

GLS GROUP ENGINEERING, LLC

Stand A19

Manufacturer of equipment for air purification from chemically hazardous emissions and gases in industry, from odors of treatment plants and pumping stations

ALLIANCE ELEKTRO, JSC NPO

Stand E11.2

Design, construction, reconstruction, modernization of industrial facilities, maintenance and operation of water and sewage treatment plants for over 20 years

CENTERTEHFORM, LLC

Stand A13-15

Materials and equipment for the construction and reconstruction of pipelines using modern technologies

ECOINSTRUMENT, LLC

Stand E9.2

Supplier of laboratory and industrial water monitoring instruments, manufacturer of COD test kits, calibration and buffer solutions

LIGHTPIPE, LLC

Stand A29.2

Exclusive distributor of industrial pumping equipment, shut-off and control valves and drives from India

ENTERPRISE VZLET, ODO

Stand A2-3

Leading Russian developer and manufacturer of modern industrial equipment for water supply, wastewater disposal and fire extinguishing systems

SPIRAL-WINDING TECHNOLOGIES GROUP

Booth D12.

Expert in implementing trenchless technologies. Production of equipment and materials for spiral-wound technology and cold pressing of PE pipes.

GREENLIFE FACTORY, LLC

Stand F12

Supply of flocculants of the Russian trade mark "Greenlife" for public utilities and various industries

KNTP, LLC

Stand F12

Supply of SCI decanters, reagents and equipment for sediment stabilization and odor elimination

ENERGY, JSC

Stand B8

Russian manufacturer of pipeline fittings DENDOR.

POLYMER CONSTRUCTION, UP

Stand C8.1:

Sound technological solutions for water treatment and in-house production

WEFLO VALVE CO, LTD

Stand A8

Gate valves, butterfly valves, check valves, mesh filters, air release valves, safety valves, straight-through valves, emergency valves, etc.

PIPEWELL LIFE, LLC

Stand A1

We manufacture cable and water supply manholes, as well as fiberglass tanks and biological treatment plants. Quality and reliability are guaranteed!

NEW AUTOMATION, LLC

Stand A46

Design of automation and dispatching systems, serial and individual production of automation and power supply cabinets

SHANGHAI FLOWX VALVE CO, LTD

Stand A15

The Italian company Flowx Valve has become one of the world's leading valve manufacturers since 2000 after implementing the GREAT CHINA production strategy.

SUPPLY INDUSTRY

Stand D13.3

is the exclusive dealer and supplier of products manufactured by PAO Tyazhpresvmash. The products are manufactured in accordance with Mosvodokanal requirements and are fully certified.

KEAZ

Stand A45

The largest Russian manufacturer and developer of electrical solutions and automated process control systems with 79 years of experience

VOLGA, LLC NKF

Booth A56-2

Development and production of our own line of equipment for measuring water flow and quality

PALYUR, REINFORCEMENT COMPANY

Stand C9-1

Russian manufacturer of medium and large diameter butterfly valves

TIMERPLAST, LLC

Stand A17

Russian manufacturer of thermally insulated polyurethane foam pipes, HDPE and corrugated pipes, as well as shaped products

A.P. ALEXANDROV THREADS, FSUE

Stand A39

Integrated Testing of Nuclear Power Plants

VODOMER, LLC

Stand A57.1

A leading Russian trading and manufacturing company. Its main activity is the production and supply of water and heat meters.

ELITE

Booth A41

. A leading full-cycle engineering company. We design and manufacture equipment for four sections of engineering systems projects (water supply, ventilation, heating, and ventilation).

INSULATION PRODUCTION COMPANY, LLC

Stand A56

One of the largest enterprises in the Russian Federation for the production, insulation and supply of plastic pipes of various types

GIDROKORD, LLC

Stand D9:

Product system for sealing utility networks

AVILON, LLC

Stand C6

Effective and modern solutions in the field of wastewater treatment, water treatment, dewatering and zero discharge systems

PENEKO, LLC

Stand B6

Russian manufacturer of anaerobic reactors for the treatment of industrial wastewater with high concentrations of contaminants

WESTLINK GROUP OF COMPANIES, JSC

Stand F15

Russian developer of innovative software products in the field of advanced data analytics

ARZAMAS MUNICIPAL MACHINE-BUILDING PLANT, JSC

Stand F2.1

Leading enterprise in Russia for the production of municipal equipment.

MEMPEX, LLC

Stand D4

Belarusian manufacturer of construction equipment for trenchless laying and reconstruction of underground pipelines.

POLIPLAST, LLC

Booth A16:

A Russian manufacturer of galvanic and environmental equipment. The company is located in Pskov and has been operating in the market for over 30 years.

DAENERGOMASH, JSC

Stand A60

Production of centrifugal air compressors; blowers for air, sulfur, coke and other gases; gas turbine units

MEZHREGBYU, OOO

stand A57.2

Power supply company

ELCOM, LLC

Stand F1

Since 1998, Elkom Group has been producing, developing and supplying electrical and industrial equipment

AQUASTOK, LLC

Booth A38

Development, design and production of drainage systems, engineering and landscaping

OLMAX / SKT, OOO

Stand C4

In Russia since 1996. Sales, service, and training on professional equipment from leading global manufacturers.

GC AGMA

Stand D14-D15

Survey, design, manufacture, supply, construction and installation works and maintenance of equipment in the housing and communal services and other areas.

VAVATEK, LLC

Stand C10

A modern engineering company presenting innovative water purification and sludge treatment technologies on the Russian market

AKTIV KARBON, OOO

Booth A42

We produce and regenerate activated carbon. High-tech production and our own testing laboratory.

GAZPROM VNIIGAZ, OOO

Stand A54

Providing Russian enterprises with petrochemical equipment, including water treatment and purification equipment

NEW ENERGY, LLC

Stand F8

One of the leading Russian manufacturers of high-tech, effective sorbents with a wide range of applications

DIGITAL, GK

Stand F15:

The Tsifra Group of Companies is a leading Russian developer of industrial software for the digitalization of industry.

ROSVODOKANAL. DIGITAL SOLUTIONS

Stand E14

is part of the Rosvodokanal Group of Companies. The Rosvodokanal Group of Companies is Russia's largest private operator in the water supply and sanitation sector.

RS VODA, LLC

Stand E15

Engineering and consulting services for industrial enterprises and organizations of the water supply and sanitation complex of the country.

LINERTEK, LLC

Booth A27

: Implementation of modern sewer and water supply repair technologies. In-house production of materials and installation. Over 15 years of experience.

ECOS GROUP

Stand A59

EKOS Group, a holding company with 9 companies, holds a leading position in the market for the treatment and reuse of municipal and industrial wastewater.

Refractories, Bogdanovichskoe OJSC

Stand F14

City-forming enterprise with a full production cycle from raw material extraction to the release of finished products and materials.

Tyumen Corrugated Pipe Plant, LLC

Stand A43:

Plastics processing, production of plastic non-pressure pipes, inspection, cable, drainage and sewer manholes

INNOVATIKA, LLC

Stand A44

Produces the biopreparation "EM-Aqua" for improving the treatment of wastewater and water bodies, reducing bottom sediments and processing sewage sludge

NOVOTEKH-ECO, LLC

Stand A58

Equipment for disinfection of drinking and waste water using the technology of a single “light and sound field”.

NDT, JOURNAL

Stand F15.

NDT Magazine and the online publication VodaNews – best practices in water supply and wastewater treatment. Media for water technology professionals.

VODOPRIBOR PLANT, LLC

Booth F15:

Industry technology leader. A Russian company specializing in the production of products for the housing and utilities sector.

DAENERGOMASH, JSC

booth A60

REGIONMOSTOSTROY, LLC
stand E10

ELCOM, LLC
stand F1

MEZHREGIONSBYT, OOO
booth A57.2

SNK, LLC
stand C1.1

ASOS RUS, LLC
stand A5

INTEGRATOR, LLC COMPANY
booth E15

ARTEX, LLC

stand F1

DART GROUP, LLC

booth P3

ASSOCIATION OF REINFORCEMENT MANUFACTURERS

booth A20.2
