VIETNAM COUNTRY PROFILE

• Vietnam is one of the world's **15** largest exporters of agricultural produce, ranking **2nd** in Southeast Asia.

• Vietnam is now the world's leading supplier of cashew nuts and pepper, the second largest exporter of coffee, and the third largest exporter of rice.

• Agriculture is a pillar of Vietnam's economy, contributing about 12% of total GDP. More than 60% of Vietnam's population resides in rural areas.

<https://en.vietnamplus.vn/>

Growth in cultivation areas, output and revenue

• For the first 4 months of 2024, rice exports increased by 9.4% in volume, 33.5% in turnover and 22% in revenue compared to the first 4 months of 2023, reaching nearly 3.17 million tons, equivalent to nearly 2.04 billion USD, average price 642.7 USD/ton.

- Vietnam exported the majority of rice produced to the Philippines in the first 4 months of 2024, accounting for 47% of the total volume, 15.8% increase compared to 4 months of 2023. Exports to Indonesia ranked second in the market, a sharp increase of 79% in volume, compared to the first 4 months of 2023. Additionally, rice exports to the Malaysian market has increased by 26.3% in volume.

• Vietnam's total fruit farming area in 2024 is estimated at 1.29 million hectares, an increase of about 20,000 hectares from the previous year. The total fruit output in 2024 is expected to reach 13.5 million tonnes, up 3.4% from last year.

• The farming area in 2024 increased substantially to 1.03 million hectares, up 30,000 hectares from 2023, while output is also expected to rise by 624,000 tonnes, to 19.7 million tonnes.

• The main export markets for Vietnamese fruit and vegetables are China, the Republic of Korea, Japan, Thailand, the Netherlands and Australia. In the Chinese market, Vietnam has surpassed Thailand and the Philippines, as the largest supplier of durians and bananas.

- Agencies and Consultants
- Supplier, Distributor and Wholesaler
- Feed Industry
- Animal Husbandry
- Animal Health
- Veterinarians
- Importers and Exporters
- Pig and Poultry Farmers
- Aquaculture

TESTIMONIALS

MR. PHAN LE HA NGUYEN - CEO-BIOCONT VIETNAM JSC-DALAT BRANCH

" This year's Vietnam Agriculture Exhibition brings together a wide range of industries and has attracted a large number of visitors as well as partners. It presents a great opportunity for the company to seek out new partnerships and further develop its business in the future. It is also a valuable occasion for the company to promote its products to potential customers. Biocont is certainly looking forward to accompanying and participating in the exhibition again next year. "

MR. DNYNESHWAR SHIRSAT - EXPORT MANAGER-AN AND AGRO CARE

" Since last year, we have been visiting Vietnam. We already have some customers here, and we are also looking for new ones. Since this morning, we've been able to connect with several potential new customers. We are very satisfied with this exhibition so far. It has been beneficial for our business, as we are meeting new customers, distributors, and importers who are interested in organic farming. Our products are primarily used for organic and residue-free farming, which aligns well with Vietnam being one of the largest rice-growing countries. We definitely plan to participate in Agri Vietnam Expo again next year. "

MS. LIN YUNG FU - CHAIRMAN- IE-IE CORPORATION

" I come from Taiwan. This exhibition has attracted many visitors from various industries. Many attendees have shown interest in our products, and we hope to find a distributor in Vietnam. Next year, we will continue to participate in the Agri exhibition and hope that Vietnamese customers will place orders with us. "
