

EXPO ELEVADOR

8th Edition

THE EXHIBITION

ExpoElevador is the largest event and technological showcase in Latin America for the vertical transport sector.

Organized by Cardoso Almeida and Elevador Brasil magazine, ExpoElevador is eminently a business event. Held since 2006, the fair is consolidated in the market as a link between elevator maintenance, installation and modernization companies and elevator manufacturers from several countries.

Internationally recognized, ExpoElevador can bring together several up-to-date products and services in the segment of elevators and escalators.
