COUNTRIES

STAINLESS 2023

A highly international gathering of the world's stainless steel manufacturers, suppliers and distributors.

High international level

81% of exhibitors came from abroad, the highest proportion in the portfolio of trade shows held at the Brno Exhibition Centre.

Business meetings are fundamental

The fair promotes business relations and networking between professionals from all over the world.

New territories

For the first time the expo was attended by exhibitors from Romania, Vietnam, the United Arab Emirates and Azerbaijan.

EXHIBITORS' QUOTES

Stainless2023

There are many more foreign companies here. We have been here from the very beginning; it is almost an obligation for us because we only make products from stainless steel.

Schwer Fittings, Tomáš Rýpar, Manager

The expo in Brno is particularly important for us, as it is well attended, and we have a lot of meetings.

ITALINOX, Lubomír Slezák, CEO

We are a Danish company, and we have had a branch in Bratislava since last year. This is the first time we attend this fair, I mean in this local line-up from Bratislava. We focus on Slovakia, Czechia and Hungary. The turnout of visitors exceeded our expectations, we had a lot of customers and potential customers visiting us, so I rate it all very positively. Many exhibitors here are also our customers, so we meet up here.

Dacapo Stainless – Denmark, Jaroslav Janiš, Country Manager

We are the Czech unit of this multinational company. The expo was a success for us mainly because we had a joint stand within the whole STAPPERT group. This means that the yield and the number of visitors to the stand were excellent, we were always full, there was a real buzz.

STAPPERT Česká republika, Jaroslav Komárek, Sales Manager

This is our first time at Stainless, we represent companies from Azerbaijan that want to expand into the European market. I think it is a wonderful opportunity for us. I like the considerable number of visitors, people from Austria, Germany, Poland and of course the Czech Republic came to our stand to get information.

MADE IN AZERBAIJAN – Mirza Aliyev, Advisor to the Trade Envoy of Azerbaijan to Central European Countries

A lot of people visited our stand, we are remarkably busy and have a lot of meetings. It is genuinely nice to see our regular customers and also to start cooperation with new ones. In my opinion, the expo is really good.

NOVA TRADING, Izabella Suchorzyńska
